PILOT

PRACTICE

POLICY

ELEMENT FOR SUCCESS PILOT

1. Strong city leadership
2. Clear and Bold Vision
3. Solutions and Learning Based vs Ideologically Based
4. Space for Flexibility and Creativity
5. Discrete, but can be scaled and/or replicated
6. Pragmatic - Fiscally and Resource wise

Mayor Becker's Livability Agenda

- Continue to dramatically increase bikeways and safety measures for all road users in town.
- Create more festival-style streets.
- Develop a bike share program that includes hotels, the University of Utah, and the Airport
- Fund a grant for increasing driver and cyclist awareness.
- Build transportation accessibility
- Develop a snowplowing plan for the needs of cyclists and pedestrians.

Comprehensive Resiliency Pilot Program

- Goal to create land use and resiliency framework where none existed
- Provide $9 million dollars competitive grant funding to communities impacted by hurricane Gustav
- Provide grants to 25 communities ranging from $25,000 - $2 million dollars
- All plans had to based in sustainability and resiliency outcomes
- Goal to be community rather consultant focused in development
- Strong component of shared learning and technical assistance
